

APSCA

ASSOCIATION OF PROFESSIONAL SOCIAL COMPLIANCE AUDITORS

SUPPORT STATEMENT

Social Compliance Auditing plays a vital role in enabling brands, retailers, producers & other partners to assess and therefore work towards improvement in labor conditions, including human rights and social issues throughout supply chains.

APSCA aims to increase the value and effectiveness of independent social compliance audits by enhancing the **professionalism** and **credibility** of individuals and organizations performing **them**.

All APSCA members are required to sign and abide by a **Code of Professional Conduct**, which defines their commitments and responsibilities to which they must adhere and will be held accountable.

As an interested stakeholder, we support the development of APSCA and anticipate that **APSCA membership** will become the recognized qualification of professionalism for any audit firm and auditor conducting a social compliance audit.
